

Did you have kids getting out of school this month? Are they going to need a new backpack this fall?

If so...

Please give us the old one!!!

(if the zipper still works, no holes, etc.).

Those who carry their homes upon their backs are always needing newer ones because they deteriorate quickly due to constant exposure to rain and 24/7 use (zippers and material wear out over time). We are collecting them now for our next Project Connect. If you have an adult size backpack with some life left in it, please drop it off:

In Bremerton: Kitsap Rescue Mission,
13th and Hayward (ring the doorbell)

In South Kitsap: Kitsap Community Resources,
1211 Bay St., Port Orchard

In North Kitsap: Poulsbo First Lutheran Church,
18920 4th Ave. NE, Poulsbo

Thank you for your generosity!!
